

Board meeting 19 June 2017

The Board held an informal meeting on Monday 19 June (last minute circumstances meant we were unable to form a quorum for a formal meeting). The following items were discussed:

- draft financials presented by the auditor were reviewed and feedback provided to the auditor
- clubs and branches have been requested to provide annual reports to AT
- Darren Sheen met with Little Athletics to continue OneSport discussions
- Shelley Miller will meet with a HCC consultant to provide input on the development of the lower domain walking track
- membership fees working group commences Wed 21 June
- strategic planning meetings have been pushed out to August because our Community Sport & Rec consultant has moved to another department

I will be on leave overseas in July with limited email access. I will return for the AGM and look forward to seeing you there.

Shelley Miller
President
Athletics Tasmania
